

## Physical Education

At Hawksworth CE Primary School, we strive to promote healthy and active lifestyles and aim to provide sporting opportunities for all our pupils. Miss Ward has been out and about recording moments from this week's PE lessons, led by Mr Hall.

## A Cow, an old man and a Beanstalk!

This week, Mrs Oliver sold her pet cow Bessy to an elderly man from Hawksworth village. Mrs Oliver received three beans.....magic beans.....in return for the cow and she gave them to Miss Ward but unfortunately she bumped into Miss Brodigan and sprayed the beans around the classroom. On Thursday morning Class 2 were surprised and excited to find a beanstalk growing up through their ceiling!!! Class 2 may have to approach Jack Greaves in Class 3 or Jack Marshall in Class 4 and ask them to climb the Beanstalk.

By coincidence we have a theatre company visiting school next Monday and they will be performing 'Jack and The Beanstalk' and another coincidence Class 2 have been writing stories in literacy about a boy called Jack and his magic beans!

## Star Pupils

## Class News

### Class 1

Year 1 have joined forces with Class 2 to build London and set fire to it. Reception have been learning more about the Great Fire of London and building their own houses. We have been busy rehearsing a harvest song for next week.

### Class 2

We have been learning about the Great Fire of London and the children have recreated London of 1666. The children will also be recreating the fire and burning their model London to ashes on Friday afternoon (don't worry Mr Norris will be in attendance and he is one of our two qualified fire wardens!)

### Class 3

This week Class 3 have worked with time in Maths, looked at the similarities and differences between ancient Egyptian writing and our own, written our names in hieroglyphics and even managed to decode some messages!

### Class 4

This week Class 4 have been revising shape in Maths by investigating the properties of different polygons. Year 6 have also been looking at the parts of circles and finding missing angles. In Literacy, we have been attempting to use vivid

language to describe a battle between a Greek hero and a monster as well as revising the use of direct speech. In Science, we used the internet to research about the life and work of Charles Darwin and in RE we have continued to study the Five Pillars of Islam.

### House Points

Congratulations to **Vultures House** for receiving the largest total of house points this week.

Eagles	37
Falcons	34
Vultures	69
Condors	49

### Kestrels

Q. What do you get when you play Tug-of-War with a pig?

A. A pulled pork.

We have had a puppet show this week in Kestrels. The children could choose between the story of The Three Little Pigs or Old MacDonald had a Farm. We used sticks and finger puppets to make our very own puppet theatre.

### Building update

I am happy to announce the canopy for Class 1 has passed the planning application stage and hopefully work will start soon. Mrs Malir has provided me with a long list of resources she needs to make this learning area exciting and engaging for the children. Areas for construction, music, role play, sand, water, den making etc. Some resources we need to pay for but things like pallets, car tyres (used for sand areas/construction) we can source for free.

As it is an Ofsted requirement that children have access to outdoor play, it is highly important that the outdoor provision provides just as much learning as the indoors if not more. All children enjoy playing outside and exploring their surroundings. Through carefully planning and using resources efficiently, the outdoors can provide children with vast learning opportunities benefiting many areas of their learning and development. Many people suggest that some children learn better outside than opposed to inside, this is often the case with boys.

The *outdoor provision* can be a place where children can fully immerse in all types of learning, whether this is developing their gross motor skills, or learning about living creatures or sharing a story in the cosy den area. An outdoor area is a great place for practitioners to offer children activities on a larger scale. Some children will prefer to participate in activities outdoors as there are fewer distractions and background noise. Children who are shy and quiet will often come out of their shell once outside. Many childcare settings see their outdoor provision as an extension of the indoors, that children access no matter the weather.

### Booking Forms

Kestrels booking forms should have been returned today. If you have not returned them yet please do so by Monday.

Have a relaxing weekend!
